A rumor has been current for a Halley Times: There are nearly 500 week or more in mining circles to the effect that a Boston syndicate was negotiating for the purchase of the sacramento and other properties at

negotisting for the purchase of the Sacramento and other properties at Mercur. The report was exploded yesterday by the arrival of Mr. O. E. Weller of Boston, who was believed to have been the agency through which the purchase would be made.

Mr. Weller discialms any connection with such a proceedinh, but is here in the interest of some eastern clients who have lately become interested in Mercur. His visit at this time is but one of four or five annual trips and heretofore he has purchased large blocks of stock in the Mercur, which he thoroughly examined with favorable results. Mr. Weller has many acquaintances in the city and will remain at the Knutsford for a number of days.

In the party from Massachusetts, besides Mr. Weller, are Mr. and Mrs. J. A. Coram and son, and Mr. and Mrs. L. T. Truli of Lowell. Each-Commissioner Hall's Apparent Pique Over His Defeat.

If County Commissioner Hall had been the whole board of county commissioners yesterday he would have fixed the compensation of registration agents at such a ridiculously low figure that the inevitable result would have been extreme difficulty hereafter in se curing the services of registration officers, whether or not competent and trustworthy. When his colleagues suggested that several representative Demoratic registrars should be summoned to give evidence of the nature, extent and worth of registration work, so that the board would have a clear idea of the equities involved in the question of compensation, Commissioner Hall expressed disapproval, as if to impuse the veracity of Democratic election officials, but when the name of C. O. Farnsworth, the only Republican registration agent in the city, was surgested, the commissioner readily acquiesced. Commissioner Hall's apparent pique over his defeat at the polis on Tuesday manifested itself for several minutes, but in order that registration agents appointed from the Democratic or other parties, in pursuance of law, shall not be unduly punished by having their par cut to an unreasonably low figure because of the election's results, it was finally agreed that the mature of fixing a basis of compensation be deferred until Saturday afternoon. ELECTION JUDGES' PAY.

Commissioner Hall's determination to trim election expenses again manifested itself when the board discussed a plan for fixing the compensation of election judges. The law is mandatory in allowing the judge who delivers the color of the country clerk a fee of \$1, and mileage at the rate of 10 cents per mile one way from the polling place, but on Commissioner Hall's insistence the mileage provision was distinctly made applicable to only the districts outside of the city.
